AGENDA

A. Minutes

The motion was made by Larry Pinnock and seconded by J.T. Martin to approve the minutes of May 15, 2019 as presented. All votes were affirmative; motion passed.

Steve Price arrived at 8:06 a.m.

B. Delta Update – Joe Esposito, Senior VP Network Planning

Joe Espsosito, Senior VP Network Planning, Delta, presented an update on Delta's plans for Salt Lake City (presentation on file). Main points included were:

- Salt Lake a Key Long-term Focus on Delta
- Delta Capacity Up Over 30% Since 2004
- Delta Brings World Class In-Flight Product to SLC
- Delta and Partners Provide Unrivaled International Connectivity
- Strong Partnerships Expand Delta's Reach
- Branded Fares Improve Customer Choice
- Delta is Investing in the Customer experience

Mayor Biskupski asked if the new fleet is improving Delta's carbon footprint. This is a concern to residents because a bigger airport is being built and Salt Lake City is in a valley.

Mr. Esposito responded the newer fleet is lighter and more fuel efficient, using less fuel per seat. He added Delta isn't increasing flights out of Salt Lake City as much as it is increasing seats by offering larger, more efficient planes, which decreases overall pollution per seat.

C. Mike Williams, Airport Redevelopment Program (ARP) Director, briefed the Board regarding the site tour.

The Salt Lake City Airport Advisory Board convened for a walking tour of the Salt Lake City International Airport's Redevelopment Program site. The tour began at 8:32 a.m. and included the following points of interest or discussion:

- Terminal
- Terminal Plaza
- South Concourse
- North Concourse
- Gateway
- Baggage Handling System

The tour returned to the point of embarkation at 10:25 a.m. and the Board meeting was adjourned.
