

**Wayfinding Opening Day**

Passengers arriving September 15th or after, will access the terminal from either the parking garage or be dropped off at Terminal Front. If a passenger requires assistance with ticketing, ticketing agents will be located on Level 3 or ticket kiosks will be located in the Gateway on level 2. Once ticketing is completed, proceed to level 2 of the terminal and follow signage to security screening. Once through the security screening follow signage to find your gate in either the A, C, F, or G concourses.
