

## **THE NEW SLC RETAIL STORES First Phase Coming in 2020**

### **Selection Process:**

On April 16, 2018, the Salt Lake City Department of Airports (SLCDA) issued a Request for Proposal (RFP) to select retail, news and gift stores for the first phase of The New SLC Redevelopment Program. The deadline for proposals was June 15, 2018.

The airport was looking for experienced operators to populate The New SLC with a mix of local, regional and national brands. Once all the proposals were received, an airport selection committee—made up of senior level airport staff and a community representative—reviewed the proposals to determine if the submissions met the minimum requirements before scheduling meetings with the top ranked firms.

The first phase of The New SLC includes the central terminal, the west end of two concourses and a parking garage. The second phase is scheduled to be finished in 2024 and will include the east end of the two concourses.

### **Numbers:**

-There is approx. 25,000 sq. ft. of retail concession space in the current airport facilities. In The New SLC, there will be approx. 30,781 sq. ft. in Phase 1, and 14,554 sq. ft. in Phase 2.
