Say Hello to The New SLC Phase 2 Concessions

Salt Lake City, UT (May 3, 2022) – Salt Lake City International Airport (SLC) has unveiled a varied menu of new restaurants and retail shops for Phase 2 of The New SLC Redevelopment Program. The selections provide a snapshot into the area’s local flavor as well as a taste of well-known national brands.

When selecting Phase 2 concessions, the airport wanted a mix of local, regional and national choices, while taking into consideration pricing, hours of operation and service standards. When the first phase of The New SLC opened, all concessions began offering street pricing, which is a requirement for Phase 2 as well.

“Passengers have given the Phase 1 concessions four-star reviews,” said Bill Wyatt, executive director, Salt Lake City Department of Airports. “We expect Phase 2 selections to be just as popular.”

The concession operators selected are: HG SLC Retailers JV, HMSHost, Marshall Retail Group, OHM Concession Group, Paradies Lagardère, Millcreek Coffee Roasters, Minute Suites and SLC Hospitality Partners. Following are the brands they will be operating:

Food and Beverage

- Local coffee companies: Millcreek Coffee Roasters and Hugo Coffee.
- Full-service restaurants (with alcohol service): Red Rock Brewery and P.F. Chang’s.
- Local quick serve: Blue Iguana, Rockwell’s Ice Cream and Vessel Kitchen.
- National quick serve: Auntie Anne’s, Burger King, Jimmy John’s and Wow Bao.
- Specialty serve: Protein Bar and Kitchen (healthy protein-filled dishes)

Specialty Retail, News & Gift and Service

- The Atrium, which is a specialty retail concept that features brands such as Build-A-Bear, Brookstone, Herschel Supply Co. and Sunglass Hut.
- Hudson Nonstop and a Hudson travel convenience store.
- Minute Suites, which is a unique concept where passengers can rent out a private room for a quiet escape.
- SLC Public Market, a convenience and local specialty store with a theme based around Salt Lake’s Farmer’s Market.
- Utah Jazz Pro Shop.
