Salt Lake City International Airport Accessibility Statement

Salt Lake City International Airport is committed to providing a website that is accessible to everyone

To further this commitment, we are using [Web Content Accessibility Guidelines 2.2, Level AA,](#) which provides standards for making web content more accessible for all visitors, including people with disabilities.

Continuous Monitoring of Content

In the interest of staying ahead of emerging technology, the Salt Lake City International Airport website is tested regularly with the latest software and methodologies to maintain accessible content for all. Specifically, the Salt Lake City International Airport website is tested with assistive technology including screen reader software, alternative input (keyboard only) functionality, color contrast analyzers and magnification software. In addition to accessibility compatibility testing, the Salt Lake City International Airport website is also tested for usability. It is our goal to not only meet the minimum accessibility standards, but to exceed them by ensuring that the website is also usable. We are committed to addressing any issues that may arise while accessing our digital content and will readily provide assistance as needed if immediate solutions are not available.

Do You Need Assistance?

If you are having issues accessing any information on our website, please contact us promptly at Mark.Cheminant@slc.gov or (801)575-2909. Your experience and ideas are our highest priority. No issue is too small and we welcome your feedback.
