RETAIL SHOPS ANNOUNCED FOR FIRST PHASE OF THE NEW SLC

The review process is complete, the selections have been made and the contracts signed. Salt Lake City International Airport has announced the retail, news and gift stores for the first phase of The New SLC Redevelopment Program.

Hudson Group, Paradies Lagardere, Sweet Ventures, Inc., XpresSpa—representing 29 stores—have been selected for the first phase of The New SLC. A mix of local, regional and national stores were chosen, including brands new to SLC Airport such as Coach, Frye, King's English, Hip & Humble and MAC. Additionally, traditional shops currently located in the airport are part of the mix, such as Dufry Duty Free, No Boundaries and Utah!. The New SLC will have approximately 30,781 square feet of retail concession space in Phase 1, and 14,554 square feet in Phase 2.

"Our team went through an extensive selection process to get the right combination of local, regional and national brands for those traveling through SLC," said Bill Wyatt, executive director, Salt Lake City Department of Airports. "We are thrilled with the outcome and I think our passengers will be excited with the combination of dynamic shops opening in 2020."

Street Pricing

The New SLC will implement street pricing in retail and concession shops. This means passengers will pay the same price charged at the store locations outside of the airport.
