

AIRPORT REDEVELOPMENT PROGRAM

The New SLC Email Alert
Special Edition

February 2019

Restaurants announced for the first phase of The New SLC

Come fall of 2020, passengers flying through Salt Lake City International Airport (SLC) are going to be wowed not only by a new airport, but by the wide array of food and beverage options to choose from. From American and Asian to Italian and Mexican, passengers' palates will be delighted with the selection.

The first phase of The New SLC will include 23 concepts from Cafe Rio, HMS Host, LaTrelles, OHM, SSP America, Salt Lake Brewing Company and The Grove. The selection includes a number of home-grown options that are local favorites.

"Our passengers are hungry for a variety of food and beverage options," said Bill Wyatt, executive director, Salt Lake City Department of Airports. "Today's traveler expects airports to provide a quality selection of restaurants with affordable pricing. Whether its casual fare or fine dining they will find it at The New SLC Airport."

Quality restaurants and affordable pricing

Popular options like Cafe Rio, Market Street Grill, Smashburger and Squatters are returning along with new concepts, such as Fillings & Emulsions, Granatos, Pago, Panera Bread, Silver Diner and Shake Shack. As with the retail component of The New SLC, street pricing is planned for food and beverage. This means passengers will pay the same price charged at the store locations outside of the airport. Additional food and beverage concepts will be added to the program for the second phase of The New SLC, which is due to open in 2024.
