Save the Date for the Utah Aeronautics Conference

The Utah Department of Transportation's Aeronautics Division will hold its second annual Utah Aeronautics Conference June 20 through 22, 2023 at the Davis Conference Center in Layton, UT. The conference brings together hundreds of aviation professionals, pilots, airport managers, state and local officials, mechanics, engineers, planners and industry leaders to network and share best practices. This year's theme is Innovate, Collaborate and Elevate. More information about the event can be found at www.utahaero.com.

South Valley Regional Airport FBO Holiday Closures

The South Valley Regional Airport FBO will be closed on Christmas Day, Dec. 25, and New Year's Day, Jan. 1. Self-service fuel will be available to customers on both days.

Santa Flight Delivers Supplies to Parowan Elementary

On Dec. 8, approximately 25 aircraft departed airports around the Wasatch Front with donated goods as a part of Angel Flight West's annual Santa Flight. Each year, the event delivers supplies and clothing to underprivileged schools in Utah. This year, the program selected Parowan Elementary in Southern Utah as its recipient. South Valley Regional Airport served as the distribution point for receiving and sorting supplies for the event.

Winter Runway Condition Assessments

The Salt Lake City Department of Airports reports winter runway conditions using the FAA-approved Runway Condition Assessment Matrix (RCAM). These notifications are distributed through the national NOTAM system. RCAM rates runway braking conditions on a scale of zero to six with perfect conditions earning a rating of six and conditions with nil braking warranting a rating of zero. NOTAMs show the condition score for the runway in three parts: touchdown, midpoint and roll out. South Valley Regional and Tooele Valley airports will close when RCAM ratings fall below a three.
