Deadline for Master Plan Input

The Salt Lake City Department of Airports (SLCDA) is wrapping up public input on the master plan surveys Thursday, Nov. 11. Your input is important and will help determine current needs and future development for both South Valley Regional Airport (U42) and Tooele Valley Airport (TVY). Responses are confidential and will not be shared outside of the planning team. To provide input click [here](#) or use this QR code.

General Aviation Airport Snow Removal Reminders

Winter weather is on its way! Here are a few reminders on snow removal plans for the General Aviation areas:

- SLC crews will plow eastside taxiways and taxi lanes after commercial runways, taxiways and aprons are cleared.
- Fixed Base Operators (FBOs) are required to clear their own aprons to the edge of their lease lines prior to airport crews plowing taxiways.
- Taxiway A and the runway at South Valley Regional Airport (U42) should be cleared and deiced by 9 a.m. after a snow event. Snow crews will work throughout the day to keep taxi lanes and common ramps usable.
- Tooele Valley Airport (TVY) will not be cleared until SLC crews complete snow removal operations at the SLC International Airport.
- South valley Regional Airport and Tooele Valley Airport runways will close when Runway Condition Assessment Matrix (RCAM) conditions are below 3.
- Snow crews will normally clear snow from GA hangar fronts to within four feet of hangar entrances. Tenants are responsible for clearing the remaining snow.

Tooele Runway Scheduled for Runway Overlay in Spring 2022

Runway 17/35 at Tooele Valley Airport (TVY) is scheduled for a runway and taxiway overlay in the spring of 2022. The project will include a 3-inch mill and repave on runway 17/35 and taxiway A, as well as an upgrade of runway lighting to LED lights. The current plan includes a 10-day closure of the runway in late April or early May. More information will be disseminated when available.
