Parking

Hourly/daily and economy parking facilities are provided at the airport for passenger convenience, depending on the length of your stay. For current parking rates, call 801-575-2886 or visit www.slcparkingguide.com

The economy parking lot is located south and west of the terminal buildings. The airport provides free shuttle service between the parking lot and the terminals.

The hourly/daily parking garage is located directly southwest of the terminals. Level one is restricted to hourly parking only. Disabled parking is available on all three levels of the hourly/daily garage and around each shuttle stop in the economy lot.

PARKING AMENITIES

Users of the parking facilities have the option of paying for parking as you leave the terminals at machines located at the end of the sky bridges in both terminals. This “pay-on-foot” option allows you to pre-pay parking fees and bypass the process at the exit.

Epark is a feature that allows customers to use a major credit card to pay for parking. Customers swipe a card at the entrance to record the start time and, using designated exit lanes, swipe the same card as they leave. Parking fees are automatically charged to the card.

Click and Park is a service that allows passengers to reserve parking in advance of travel. To learn more, visit https://parkslcairport.clickandpark.com.

For more information, call the parking system administrator at 801-575-2886.

Park ’n Wait Lot

There is a parking lot south of the airport complex where you can wait, free of charge, for the passenger you are picking up to arrive at the terminal curb. As you enter the airport, look for signs on the right. There are flight information display boards in the lot so you can monitor flight status. When your passenger arrives, instruct them to alert you by cell phone when they are on the curb to be picked up.
Transportation

There is a wide variety of ground transportation options from Salt Lake City International Airport.

Major ground transportation providers have a presence at ground transportation desks in the baggage claim area of each terminal.

Ground Transportation rates and fares, including taxicab rates, are not regulated within Salt Lake City limits. Ground Transportation customers may want to obtain or negotiate secure pricing for transportation prior to actual transport. Please be aware of this change in City regulations as you make reservations, use a smartphone app, or seek ground transportation on demand.

Rental car companies are located on the lowest level of the parking terrace. Rental car companies and their phone numbers are also listed.

TRAX, a light rail system operated by the Utah Transit Authority (UTA), runs between the airport and downtown approximately every 15 minutes during the week and every 20 minutes on the weekends. HOTEL COURTESY VANS

Arrangements can be made through the direct-line hotel phone banks in both baggage claim areas.
**Travel Tips**

- Weather conditions may affect your travel plans. Please call your airline ahead of time to check conditions and status of your flight. Allow extra time on rainy, snowy, or foggy days and during holidays. Salt Lake City weather conditions are available from the National Weather Service at 801-524-3057.

- Check with your airline regarding the time you should arrive at the gate for departure. Airlines have different guidelines, but a general rule to follow is to be in the terminal at least 90 minutes prior to the published departure time for domestic flights, and at least two hours prior to the published departure time for international flights.

- Use luggage identification tags on all pieces and be sure your name and address are legible. Remove destination tags attached to your luggage by the airlines after every flight.

- Hand carry all prescription medicine, jewelry, currency, and important documents in your carry-on luggage.

- When you park your car at the airport, be certain to use the correct lot. Park in the hourly/daily lot for quick visits and in the economy lot for longer stays. The rates are structured in your favor if you use the correct parking area.

- Make sure that you turn off your headlights, lock your car, and take your keys (many travelers inadvertently leave keys in the car trunk while removing luggage).

- Write down the section and area you parked, or take a picture with your cell phone so you can easily find your car upon your return.

- Don’t leave valuables or any visible packages, stereo equipment, telephones, etc. in your car.

- When your child travels alone, please thoroughly check the guidelines each airline provides. Be sure you inform the airline that the passenger you are booking is a child and ask for special assistance.

- Do not leave your baggage unattended.

- Check the Transportation Security Administration (TSA) web page for the latest security screening information at www.tsa.gov.

Most restaurants and shops open between 5:30 a.m. and 6:00 a.m. and close around 10:00 p.m. Gordon Biersch Brewery, Cat Cora’s Kitchen and Squatters stay open later. Hours of operation depend on passenger activity and airline operations. Hours may be reduced some days of the week based on flight schedules. Vending machines are available in the lobbies of both terminals and on most concourses 24 hours a day.
