

All,

As many of you have started to see, we are updating our wayfinding signage on the commercial curbs. Attached is a map for your review, and we will also be placing this on our website. As you will see on the map, your operating area will expand. Starting the first week of November, your new operating area will be between Columns 4A – 7A. The area just west (7A-8A) is leased curb, and is operated by Alta Shuttle, Express Shuttle, Canyons Express, and Canyon Transportation. Please do not encroach into their area. As for the operating guidelines for 4A – 7A, this is an active loading and unloading area only. Please do not stage on the curb. If you must wait for your customer, please time your pick-up by parking in the staging lot just east of Booth 10.

If you have any questions or need clarification on the curb layout, please let us know.

Thank you,
