

All,

As we wrap up construction within the Staging Lot, please start using the separate roadway entrances as shown below. For those operators using the B-Lane, you will take the “Green” route. Operators who drive charter buses, please only use the green route if you DO NOT intend to park and wait (Stage). Once you commit to this lane, you must proceed to the curb front. For those operators who use the A-Lane, please use the “Blue” route which utilizes the Cargo Rd exit. You will stay to the left and use the flyover road to enter the Staging Lot. For operators driving charter buses, this is the lane you want if you need to stage in the lot. The charter parking is the first set of stalls on the left and will allow you to exit into the green lane once you are ready to move to the terminal front.

Please feel free to contact us with any questions.

Thank you

STAGING LOT

DIRECT CURB ACCESS (NO STAGING)  
FOR CHARTER BUSES, AS WELL AS  
HOTELS/MOTELS, AND LYFT/UBER

CHARTER BUSES NEEDING TO  
STAGE, PREARRANGED
